

Case Study

Edmondson Park

Ampac protects the Ed.Square precinct, which features 920 apartments and 893 terraces and townhouses.

Located in Sydney's booming South West at Edmondson Park, the Ed.Square precinct features 920 apartments, and 893 terraces and townhouses.

Location: Sydney, New South Wales

Sector: Residential

Products: FireFinder^{PLUS} EV3000

Completed: 2020

The Solution

Ampac's FireFinder^{PLUS} Addressable Fire Detection system and EV3000 Occupant Warning and Intercom system were selected for the project.

The system was installed by the team at Precision Fire and included;

- 8 x Networked FireFinder^{PLUS} Panels
- 8 x Networked EV3000 Panels
